

MSP Fast Track (avec examen)

MSP® is to programmes what PRINCE2® is to projects.

It is focused on managing a group of coordinated projects in the delivery of a common goal.

The programme may require shared resource and often be under a limited budgetary constraint.

A programme managed with MSP provides harmonious integration with its component projects managed at PRINCE2 level.

A programme exists to realize benefits and achieve strategic objectives.

MSP like PRINCE2 is used internationally as a best practice method.

Both certifications are included in the price.

For the planning, refer to the MSP Foundation & Practitioner

« The MSP® courses on this page are offered by IT Preneurs, ATO of AXELOS Limited. MSP® is a registered trade mark of AXELOS Limited. All rights reserved »

Détails

- **Code** : MSPFT
- **Durée** : 4 jours (28 heures)

Public

- Tout le monde

Pré-requis

- There are no prerequisites for MSP Foundation

Objectifs

- provide delegates with a detailed knowledge of the foundation elements of MSP®

Programme

Day 1

- Introduction
- Programme Organisation
- Vision
- Leadership & Stakeholder Engagement
- Benefit Management
- Blueprint Design & Delivery

- Delivering Capability
- Realising Benefits
- Closing a Programme
- Exam Preparation
- Foundation Exam

Day 2

- Planning & Control
- Business Case
- Risk & Issue Management
- Quality & Assurance Management
- Identifying a Programme

Day 4

- Delegates will be invited to do some pre course work, to confirm their retention of previous foundation knowledge and there will be the opportunity to do evening work to help better prepare for the Practitioner Exam
- Focus on practitioner level matters in a workshop environment as candidates explore sample practitioner questions followed by detailed discussion, question by question, and topic by topic
- In this way we achieve a good grasp of topics at practitioner level and establish an effective examination approach

Day 3

- Defining a Programme
- Managing Tranches
